

Col. Gree with Lt. Maury's compliments.

WHALE CHART

BY
M. F. MAURY A. M. LIEUT. U. S. NAVY.

(Preliminary sketch)

SERIES F

Constructed by

LT LEIGH HERNDON & FLEMING
& PP MIDJ JACKSON.

Published at the National Observatory by Authority of

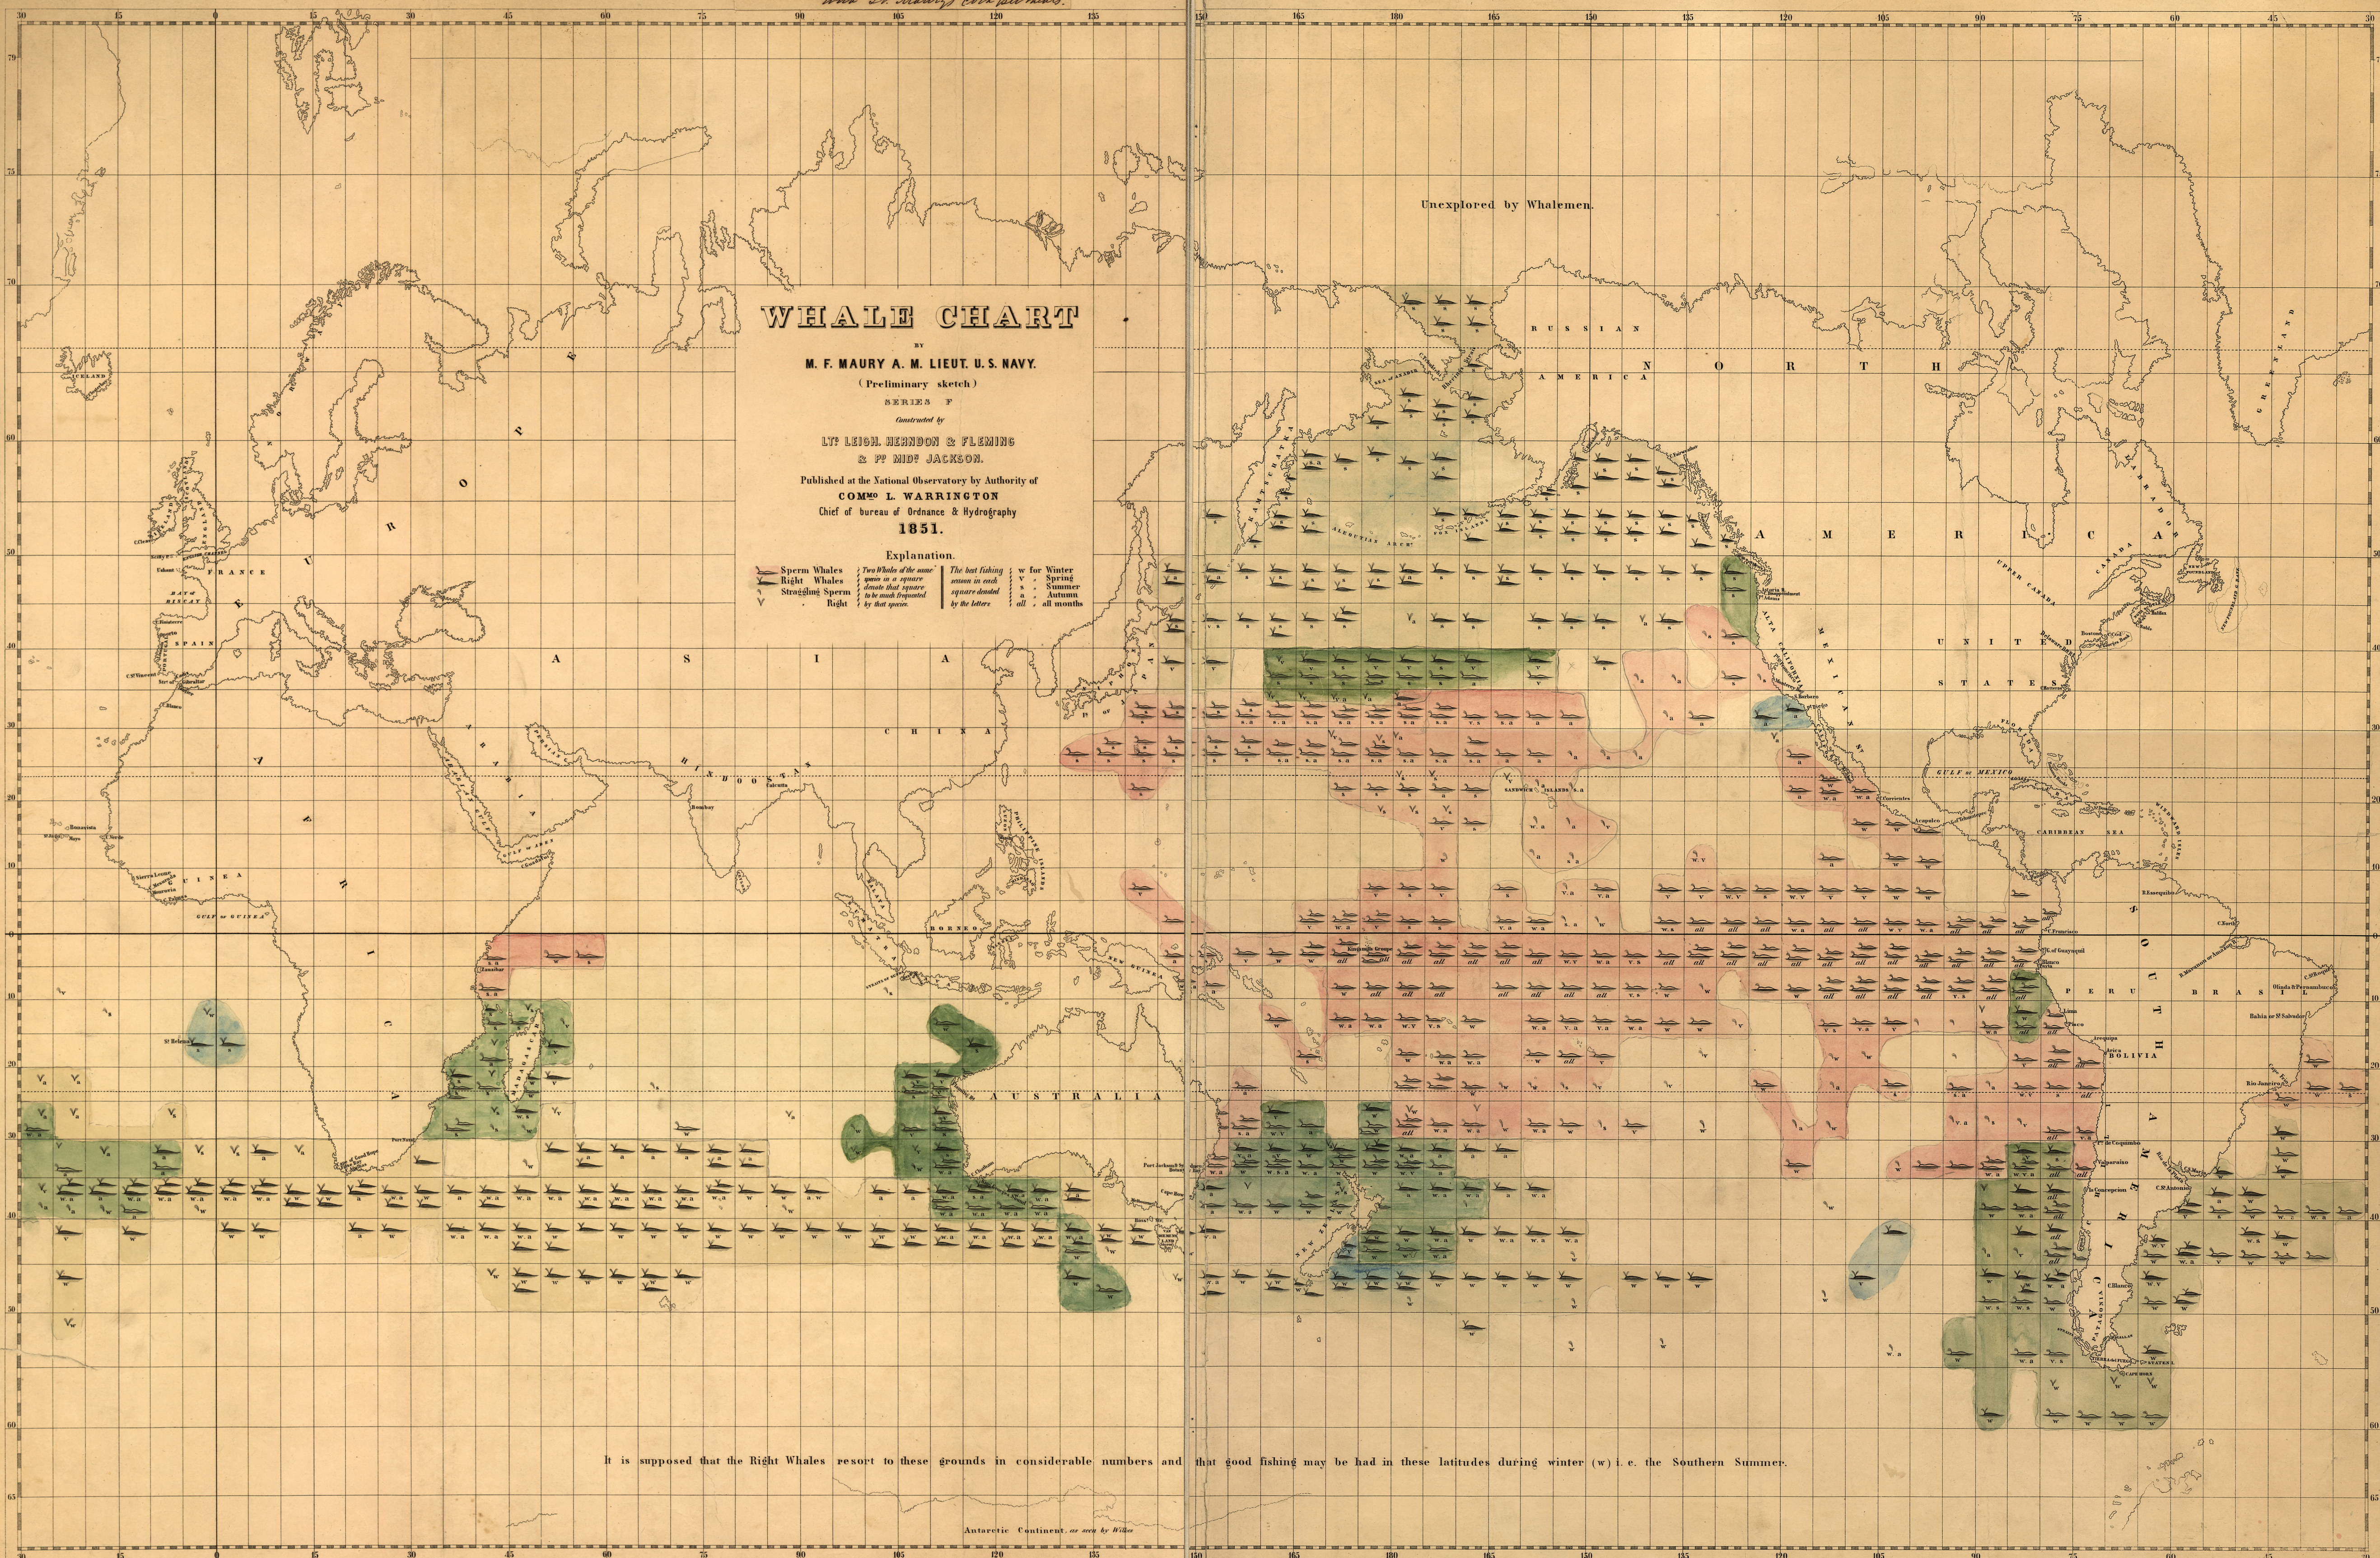

COMMO L. WARRINGTON

Chief of bureau of Ordnance & Hydrography

1851.

Explanation.

<ul style="list-style-type: none"> — Sperm Whales — Right Whales — Straggling Sperm — Right 	<ul style="list-style-type: none"> Two Whales of the same species in a square denote that square to be much frequented by that species. 	<ul style="list-style-type: none"> The best fishing season in each square denoted by the letters 	<ul style="list-style-type: none"> w for Winter s - Spring a - Summer all - Autumn all - all months
---	--	---	--

Unexplored by Whalem.

It is supposed that the Right Whales resort to these grounds in considerable numbers and that good fishing may be had in these latitudes during winter (w) i.e. the Southern Summer.

Antarctic Continent, as seen by Wilkes
